2020 Hosta Club List

**Be sure to order early as some quantities are limited.
Minimum 5 per cultivar.**

Happy New Year!

First, let me thank all the local hosta clubs that ordered our "Club" hostas last year. Every year we try to find a group of new hostas that we offer to hosta clubs at a special wholesale price. Please order early as some hostas may be limited. We can send them bare root or in the pots, just ask about the best shipping times.

This year we have several exclusive hostas for clubs that will not appear on other wholesale lists. 'Gabriel's Horn' a special yellow sport from 'Gabriel's Wing' and will be only available to clubs this spring. Other club specials include 'Green Thumb', 'Great White Whale' and 'TNT'. **Clubs can also order off our wholesale lists, both liners and bare root plants as quantities allow.**

We are willing to work with you to make your next hosta sale a success, just let us know how we can help. Remember, most of these hostas will be pictured in the Club section of our Website, www.HostaHosta.com, in January.

The hostas listed below are sold as bare root divisions in multiples of five. They have been grown out to fill a one quart or larger pot, except minis. These plants have not and will not be divided. All prices are FOB Franklinton, NC and are shipped UPS. Your club will only be billed for the exact cost of shipping. No boxing or handling fees! All are guaranteed true to name and are nursery certified pest free.

Very Large. This heavenly hosta is a gorgeous, all gold sport from the 'Empress Wu' line. Absolutely beautiful in the spring with its glowing yellow foliage it also has a fast growth rate for a giant hosta. **\$25.00**

'Green Thumb'

Exclusively for hosta clubs.

Mini. Rounded, "mouse-like" green leaves with good substance make this hosta from Tony Avent a cute addition for any rock or mini garden. But maybe the best thing about this hosta is the purple flowers and scapes that truly makes it a collector's dream. **\$20.00**

'Great White Whale'

Very Large. This wonderful sport of 'Humpback Whale' from Andrew Torvinen makes a very large classic form mound of rounded leaves that sport a cream margin infused with just a little green. Leave plenty of room for this one. **\$20.00**

'Heather Hill'

GHF Introduction

Small. This special little hosta has shiny bright green heart-shaped leaves with clean white margins and good substance. Its tight flat mound is makes it a perfect border plant of showy container companion. **\$7.00**

'Imperial Palace'

Medium to large. This hosta is a striking light yellow-centered, green-margined beauty that believe it or not is easy to grow. It makes a shining beacon in the garden if given some morning sun. I think this is one of Dick Ward's best. **\$8.00**

'Lemon Zinger'

GHF Introduction

Mini. 'Lemon Zinger' is my green-margined sport of the increasingly popular 'Dragon Tails'. Its wavy bright yellow leaves are outlined in dark green. It is a vigorous little mini, perfect in a pot. It just might be your cup of tea. **\$8.00**

'One Man's Treasure'

GHF Introduction

Medium. The beginning of all the great Green Hill Farm red hostas, 'One Man's Treasure' is still to be desired! This medium hosta boasts purple scapes and seed pods as well as shiny leaves with reddish-purple petioles on both the front and back. **\$8.00**

'Sandhill Crane'

Small. This bright white-margined, very upright hosta has narrow leaves that fly heavenward. Very distinct, it gives architectural height to the mixed hosta container. **\$10.00**

'Sunny Day'

GHF Introduction

Medium. 'Sunny Day', chasing all the clouds away... this is a very happy hosta! It is also this hybridizer's fantasy. It is the result of a backcross of a 'Tom Terrific' sibling back to its purple-petioled parent. The result is a very upright medium-sized hosta with the vibrant yellow color of 'Key West' and rich purple petioles up into the leaf blade. I rushed this one to you, it is that good. **\$15.00**

'Twinkle Little Star'

Small. This almost mini new from Don Dean has just 4" leaves and stands only 8" tall. It makes a very tight flat mound of wavy very blue foliage that is folded into a star-shaped points. On the other hand, it looks a little prickly, too. Of all his great blue hostas this is my favorite by far. **\$12.00**

'TNT'

Large. This dynamite plant is a sport of 'Paul's Glory'. In the spring, the center is chartreuse and then changes to golden yellow. Great for that sunny area in the garden. **\$18.00**
