2021 Hosta Club List

**Be sure to order early as some quantities are limited.
Minimum order of 5 plants per cultivar.**

Happy New Year!

First, let me thank all the local hosta clubs that ordered our "Club" hostas last year. Every year we try to find a group of new hostas that we offer to hosta clubs at a special wholesale price. Please order early as some hostas may be limited. We can send them bare root or in the pots, just ask about the best shipping times.

This year we have several exclusive hostas for clubs that will not appear on other wholesale lists. Our incredibly popular red-petioled, bright yellow 'Lettuce Wrap' heads the list that also includes 'Cup of Joy', 'Michigander', 'Night Flight' and 'Venetian Skies'. **Clubs can also order off our wholesale lists, both liners and bare root plants if quantities allow.**

We are willing to work with you to make your next hosta sale a success, just let us know how we can help. Remember, these hostas will also be pictured in the Hostas for Club section of our Website, www.HostaHosta.com, in January.

The hostas listed below are sold as bare root divisions in multiples of five. They have been grown out to fill a one quart or larger pot, except for minis. These plants have not and will not be divided. All prices are FOB Franklinton, NC and are shipped UPS. Your club will only be billed for the exact cost of shipping. No boxing or handling fees! All are guaranteed true to name and are nursery certified pest free. Thank you for your continued support of Green Hill Farm!

2021 Club List Offerings:

'Cup of Joy'

Exclusively for hosta clubs.

Medium. A classic gold hosta with nicely cupped and heavily puckered leaves. From Gary Myers, it enjoys some bright light especially in Northern gardens. **\$10.00**

'Hide and Seek'

GHF Introduction

Mini. So many hosta folks are enamored by all white hostas only to be disappointed when they do not grow well for them. There is always a race for them to turn green before they melt. This little sport of 'Hideout' is a winner! Emerging pure white it becomes a very attractive green hosta in late spring. **\$12.00**

***H. sieboldiana* 'Hakama Souvenir'**

GHF Introduction

Large. This large plant was collected in the wilds of Japan at Hakama Rock. This rare form of a *H. sieboldiana* has narrow blue-green leaves with arching foliage. The leaves also have 18 vein pairs. This surprisingly vigorous grower is a perfect addition to any hybridizing program. **\$18.00**

'Lettuce Wrap'

GHF Introduction

Exclusively for hosta clubs.

Small. No need to lift the leaves to see the red on this small bright yellow hosta, the color fills the wide petioles well up into the leaf. Bibb lettuce-like leaves have good substance and makes a tight flat clump. Pretty purple flowers appear on mahogany scapes in mid-summer. **\$20.00**

'Michigander'

Exclusively for hosta clubs.

Large. This large sport of a seedling from Bill Struhar is truly breath taking. The leaf margins emerge gold at the beginning of the year and fade to yellow throughout the season, surrounding a rich green leaf center. But it is the many deeply impressed leaf veins that really catch your eye. Perfect for the Michigan gardener and everyone else too! **\$18.00**

'Mouse Capades'

Mini. This little mouse has nicely ruffled cream margins flowing around its blue leaf centers. Not as many ruffles as 'Mini Skirt' which I think may be too many, but this hosta has just the right look. **\$8.00**

'Night Flight'

Exclusively for hosta clubs.

Medium. This highly ruffled waxy blue hosta from Don Dean has a soft appearance. The dark purple petioles and scapes accentuate the blue color producing a unique look. Here is another late bloomer with show fall flowers. **\$10.00**

'Peace and Quiet'

GHF Introduction

Medium. This medium white-margined sport of 'Pandemonium' will bring tranquility to any corner of your garden. The creamy margins vary in width across the leaf to create a diverse mound. Perhaps the best feature of this hosta is the late dark purple scapes filled with clusters of light purple flowers. You will be drawn to them again and again to relish the fresh splashes of color in a late summer garden. **\$15.00**

'Ruffle Truffle'

Small. This vigorous, highly ruffled, holly-leaved hosta emerges almost white and turns blue green in summer. This hosta from Matt Bending has good substance and makes a unique specimen in the garden. **\$12.00**

'Sugar Cookie'

GHF Introduction

Medium. This tasty holiday delight is a sport of 'Sugar Plum' found here at Green Hill Farm. It has the same rich purple petioles and white leaf backs of its parent with an added light-yellow margin that brightens to pure white in summer. Perfect in a container or as a special accent in the garden. **\$15.00**

'Sun Worshipper'

GHF Introduction

Medium. This fast growing hosta holds its yellow color very well even in the shade which it prefers. It makes a flowing mound of very yellow, almost translucent foliage in the spring that beckons to garden visitors. **\$10.00**

'Venetian Skies'

Exclusively for hosta clubs.

Medium. This sport of the very blue 'Venetian Blue' has clean white margins with a tight ruffle. It is a late blooming blue that holds its blue color well into late summer. A truly beautiful hosta that grows well. **\$15.00**
